WEDNESDAY, JUNE 21

EITHER Col. Geo. W. Sieber or the Hon, J. Park Alexander will be "a sadder but wiser man" upon the return from Painesville tomorrow

Junging from the way local delegates are talking, Col. Chas. Dick will be the whole thing at the Painesville convention tomorrow. All the Akron delegates will have to do at necessary in order to complete the Painesville is to find out who Dick wants for Senator-if they haven't found out already-and then give him their undivided support.

THE prospects of universal peace grand stand is charged. being established by consent of the nations is not very flattering. The international peace conference now in session at The Hague will be a failure so far as accomplishing anything substantial is concerned. A plan to arbitrate national quarrels will be adopted, but its scope will be so limited as to practically destroy its usefulness.

THE disorder growing out of the street car strike at Cleveland is reaching an alarming stage. As usual the strikers are suffering because of the rashness of well-mean ing friends, who persist in defying E. J. Viall; Dido, P. Streak of Yellow

Peter Maher, the Irish heavyreight pugilist, scored a quick victory over his fellow countrymen. Mike Morrissey, of Tipperary, before the Lenox Athletic Club at New York Tuesday night. Morrissey had been heralded as an invincible Irish champion. Maher sized his man up quickly, and went for him straight away. There was apparently no fight in the newcomer. A light punch on the breast and a right cross to the jaw were the only blows to knock out any man. Maher weighed 174 pounds, and looked fit and well. Mike Morrissey had a retinue of handlers when he reached the ring, and said he weighed 182 any objection to dogs in this car, con pounds. The moment the men ductor? shaped it was clearly evident that Morrissey was afraid, and Maher had the conductor, madam. I will say, how- 26; good returning to and including the easiest task ever given him. Both fiddled for a few moments, and then Maher went right to his man with a left lead which landed lightly on the chest, and sent his right over to the jaw. Morrissey fell in a neutral corner and lay there, resting his right elbow while Maher strutted about the ring until the referee counted off ten seconds. Maher then walked to his corner, and the master of ceremonies announced that Maher had won and that the time

was 35 seconds. Ruhlin Is Confident.

Gus Ruhlin has written a letter to his parents in Akron in which he states that he will fight Joe Kennedy in Frisco on June 23, next Friday. He will weigh 190 or 195 pounds. He says his condition is tip-top and expresses confidence of winning.

JONES BELIEVES IN TRUSTS. Says They Indicate a Sentiment Tendin

to Public Ownership. CHICAGO, June 21 .- Mayor S. M. Jones of Toledo, in a letter to The Record on trusts, said in part: "The triumph of the trust is one of

the marvels of the closing years of the nineteenth century, but they are an economic development, strictly in the line of progress, and our problem is not how to destroy them, but how to use

them for the good of all. "What shall we do with a trust, with the continually increasing army of unemployed thrown out by these organizations? I reply, we must organize government (society) in the interest of all, for the good of all, so that we may "Equality of opportunity or brother hood is the goal for which the race is

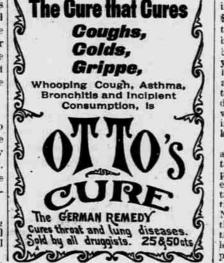

struggling, and the trust, while purely selfish in its inspiration, is the expression of the great social spirit now stir-ring the hearts of the people. The movement toward municipal owner-ship, toward co-operation of every sort, indicates the channel through which the people are to come into possession of their own. When they are

thoroughly enlightened they will simply retake in a perfectly orderly way the properties that have passed out of their hands and became private possessions. The people will own and operate their own trusts; its name will be The Co-operative Commonwealth.

Report to Agricultural Departmen Showed Soil Rich-Dangers to Health. WASHINGTON, June 21 .- The agricul tural department received an interest ing report from Lieutenant A. R. Hayne, California heavy artillery, on agriculture in the Philippines, dated You are cordfally invited to visit... Manila. Lieutenant Havne had been able to make no personal observations beyond the American lines, but he transmitted the translation of an article prepared for him by Senor Manuel del Busto, chief of the agricultural ex-

periment station in Maniia.

The great fertility of the soil is pointed out, and it is said that only in a few restricted areas, where three crops a year have been gathered without interruption for several centuries, is there any apparent need of fertilizers.

In addition to the difficulty of securing reliable labor, the agriculturist is contronted at the start with the necessity for an immense amount of work in clearing new land. When this is accomplished and a luxuriant crop raised, t is at the mercy of the first typhoon. Besides the typhoon, there feared in certain provinces the "da-gudo," or dry land wind, which dries up and destroys vegetation. Diseases. so far hardly known to European doc tors, result from the turning up of this virgin soil. According to competent medical authority, many of these strange disorders cause death within a few iours, while from others, even-if the patient recovers, he is condemned to a

wretched and lingering existence.

Another of the great difficulties in the way of agricultural development is the Kiln run. Will sell in large or small utter lack of roads and shipping points. The native Filipino is unable to do my large amount of work and cares to

bandicap to enterprise. The minimum cost of money in the Philippines regardless of security is 12 per cent.

The price of nearly all crops is steadily falling as the production retrogrades in quantity and quality.

NEW YORK, June 21 .- Peter Maher, the Irish heavyweight pugilist, scored a quick victory over his fellow country-mau, Mike Morrissey of Tipperary, be-fore the Lenox Athletic club. A light punch on the breast and a right cross to the jaw were the only blows struck,and these were delivered by Maher. The blow that Maher landed on the jaw was insufficient to knock out any man. Both fiddled for a few moments, and then Maher went right to his man with a light left hand, which landed lightly on the chest, and sent his right over to the jaw. Morrissey fell in a neutral corner and lay there resting on his right elbow, while Maher strutted about the ring un-

That awful sense of dread, the feeling that death is near at hand is described by a South Carolina gentleman. Thos. G. Lever, Esq., of Lever, Richmond Co., with a truth that everyone who has ever experienced it will-immediately recognize:

that everyone who has ever experienced it will immediately recognize:

"I had what the doctors called nervous indigestion," he says: "I took medicine from my family physician for it, but of no avail. In looking over one of the Memorandum Books issued by Dr. R. V. Fierce, of Buffalo, N. Y., I found a case like mine described exactly. I wrote to Dr. Pierce and made a statement. He sent me a descriptive list of questions also hygienic rules. "I carried these out as best I could, but I thought it almost impossible, as I suffered so ninch with pain under my ribs and an empty feeling in my stomach. At night I would have cold or hot feet and hands alternately. I was getting very nervons and suffered a great deal with uncasiness as to my condition, thinking that death would soon claim me; always expecting something unusual to take place and having a great dread on my mind. I was also irritable and impatient, and was greatly reduced in flesh. "I could eat scarcely anything that would not produce a bad feeling in my stomach. After some hesitation, owing to my prejudice against patient medicines. I decided to try a few bottles of Dr. Pierce's Golden Medical Discovery and 'Pellets.' After taking several bottles of each I found I was improving. I have to be careful yet at times as to what I eat, in order that I may feel good and strong. I fully believe if any who suffer with indigestion or torpid liver or chronic cold would take Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' and observe a few simple hygicaic rules they would soon be greatly benefited, and with little perseverance would be entirely cured."
